ANTI BACTERIAL
COATING

Less oil, more health, no toxins - our PFOA-free Granito cookware range helps you prepare healthy food without compromising on taste. The superior non-stick cooking surface requires little to no oil for cooking. The entire Granito range boasts of a thick base that provides durability and distributes heat evenly. If you’re looking for a cookware range that helps you get food from the cook-to table-top quickly, and efficiently then Granito it is! It will perform beautifully.

THICK BASE

Extremely durable and uniformly thick body ensures that the cookware heats up uniformly and distributes heat evenly making our granite-finish non-stick cookware energy efficient.

5-LAYER NON-STICK
COATING

The five-layer non-stick, granite finish coating ensures that the food does not burn or stick to the cooking surface, is browned evenly and cooked perfectly- all while using as little oil as possible.

TOXIN-FREE

Our Granito range of cookware is free of harmful chemicals such as lead, cadmium and PFOA.

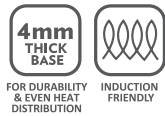

EASY TO CLEAN

The cookware range is very convenient to use as it has cool touch handles that do not heat up so you can safely hold the vessel. It is dishwasher safe but hand washing is recommended.

EXTRA THICK BASE

FOR DURABILITY & EVEN HEAT DISTRIBUTION

Made for durability, created for performance, Borosil’s Vajra range of cookware has been crafted to help you enjoy a healthy diet without compromising on taste. The 5 layers of non-stick coating help to reduce oil consumption as you need little to no oil for cooking in it. The non-stick surface is also scratch-resistant so you can continue to use your metals spoons and spatulas to cook. The body of the cookware is made of die-cast aluminium which makes it strong and durable. It will not bend or corrode with use and helps to save fuel by heating quickly, retaining the heat and then distributing it evenly across the cooking surface.

5mm THICK BASE

Extremely durable and uniformly thick body ensures that the cookware heats up uniformly and distributes heat evenly making our granite-finish non-stick cookware energy efficient.

5-LAYER NON-STICK COATING

The five-layer non-stick, granite finish coating ensures that the food does not burn or stick to the cooking surface, is browned evenly and cooked perfectly- all while using as little oil as possible.

TOXIN-FREE

Our Granito range of cookware is free of harmful chemicals such as lead, cadmium and PFOA.

EASY TO CLEAN

The cookware range is very convenient to use as it has wood-finish handles that do not heat up so you can safely hold the vessel. It is dishwasher safe but hand washing is recommended.

COOKFRESH WITH IMPACT BONDED BOTTOM

Introducing Borosil Stainless Steel Cookfresh that makes your daily cooking healthy and hassle free. Its SS 304 construction is safe to cook on gas, hot plate and induction. The Tri-ply cookware offers impact bonded technology that implies forging of three metals–Stainless Steel, Aluminium, Stainless Steel under high impact to form the bottom eliminating air gaps between the metal layers. This helps in uniform and even heat distribution while cooking and ensures long life of the cookware.

COOK

Tri-Ply impact bonded bottom of Cookfresh enables healthy cooking in minimal oil keeping the natural taste of the ingredients. Thermal efficiency is excellent.

HEAT

Use Stainless Steel Cookfresh to reheat food - the lid keeps gravy from splashing in the gas top.

SERVE

You can even use the casserole and tope for serving because the stainless steel finish looks that good!

PRESSURE COOKERS

Borosil’s wide range of pressure cookers come in various makes and sizes to suit all family requirements and kitchen needs. Our stainless steel and aluminium pressure cookers are energy efficient and induction friendly to make your everyday cooking fast and easy. The unique bases of both aluminium and stainless-steel cookers absorb, retain and distribute heat evenly to save fuel while cooking. They are expertly made to ensure that the bases of the cookers do not separate and retain their shape for a very long time. To ensure your safety, they also come with features such as a safety valve to deflect steam downwards, stay-cool handles, and inside-fitting, pressure locked safety lids. With Borosil Pressure Cookers, all you have to do is put in your ingredients, place the lid, wait for the whistle and, hey presto- your cooking is taken care of.

DURABILITY

The bottom will not come out even with repeated use. The inside fitting lid keeps the gasket from getting rubbed, cut or scraped every time the cooker is opened and closed.

SAFETY

The pressure locked safety lid doesn’t open until pressure is released. A safety valve under the handle ensures that the steam is deflected safely downwards.

STURDY, EASY GRIP, STAY COOL HANDLE

The Bakelite or Silicon, handles are designed for convenience and are comfortable to hold while cooking.

PRONTO - HARD ANODISED SS LID PRESSURE COOKER

Introducing the Pronto Hard Anodised Pressure Cooker - the perfect addition to any kitchen for home chefs looking to cook healthy and delicious meals with ease. The hard anodised body provides a durable and scratch-resistant coating; it heats quickly and distributes heat evenly. With features such as safety valves and heat-resistant handles, it is a must-have for any home chef who wants to cook meals quickly and effortlessly. Upgrade your cooking game with the Pronto Hard Anodised Pressure Cooker.

HARD- ANODISED BODY

Durable; the pressure cooker absorbs heat faster making it more energy-efficient.

STAINLESS STEEL HANDLE

Food-grade stainless steel lid for a hygienic cooking experience

INDUCTION FRIENDLY

Versatile; has an induction friendly base

SERVE FRESH

TOUGHENED
GLASS LIDS

DOUBLE WALLED
PUF INSULATION

Designed keeping in mind the food we eat at home, our beautiful stainless steel serveware range not only looks elegant but is extremely functional. Double walled PUF insulation prevents loss of temperature and retains nutritive value of the food. And the dome shaped lid on the casseroles ensure that the condensed steam trickles down the sides and slides below the coaster, without dropping on the rotis / idlis / theplas, keeping them perfectly fresh.

SERVE

Double walled vacuum seal keeps the food fresh and hot and is ideal for serving chappatis, rice, dal and vegetables.

STORE

Store leftovers directly in the fridge as the lid keeps the smell and taste fresh.

ANTI
BACTERIAL

100%
SUSTAINABLE

RECYCLABLE

NO MICRO
PLASTICS

NON
SLIPPERY

Borosil wooden chopping boards and spoons are eco-friendly and have been crafted using 100% Neem wood. Neem is known to have anti-microbial and anti-bacterial properties making it one of the safest materials to handle your food. Designed to be both beautiful and functional, the chopping boards are durable and gentle on your knives.

MADE OF NEEM WOOD

As our chopping boards are made of pure neem wood no micro plastics come into contact with your food. Also, neem wood is known to have anti-bacterial properties

DEEP GROOVES

Juice grooves run along the edges of the chopping board preventing messes on the counter top

BEST FOR INDIAN KITCHENS

Our chopping boards are odour resistant and do not blunt the edges of your knives making them an ideal fit for your kitchen
