COMPANY PROFILE

About KGOC

For more than six decades, we have been helping the world to organise businesses and assisting people to bring out their creative best with innovative and high precision products that help to 'Join, Fix or Cut' through our brands - Kangaro, Miles, Munix and Kohe. We are one of the largest manufacturers and suppliers of high quality Staplers, Staples, Staple Removers, Paper Punches, Tape Dispensers, Gun Tackers, Tape Tool, Cutter Knives & Blades, Pneumatic Tools, Industrial Staples, Stitching Wire, Scissors & Kitchen Essentials etc. KGOC brand identity symbolises the unification that signifies flexibility and limitless possibilities to create a new future.

About Kohe

Kohe, from the house of KGOC, offers a wide range of Knives, Peelers & Kitchen Essentials for home as well as a professional range for Horeca customers. Kohe products adhere to the same exacting standards of design, ergonomics, manufacturing, and quality, which is the hallmark of KGOC. Each product goes through a process of need identification & solution creation that meets international design standards and passes through stringent quality tests. This results in innovative and cutting edge products that add to efficiency and productivity of users. Our development centre consistently helps us to stay ahead of the curve by developing ground-breaking solutions, both in terms of utility, as well as design.

Infrastructure

KGOC has seven state-of-the-art manufacturing facilities, which possess high quality machinery for precision engineering. All units are vertically integrated, wherein all manufacturing operations are performed in-house, right from manufacturing of the smallest parts such as spring, rivet etc. to complex multi-part components.

Development Centre & Tool Room

KGOC has a well equipped Research and Development (R&D) Centre and an ultra modern Tool Room having all the latest facilities. R&D centre, along with its over 200 quality engineers provides the innovation and design breakthroughs that not only simplify life but also compliment the uncompromising quality benchmarks that we have set for ourselves. There are CAD/CAM/CAE set ups which manufacture using the softwares. CNC wire cuts, CNC EDM machines, CNC Milling Machines and other such machinery and equipment develop quality Tools, Jigs and Fixtures which enable KGOC to manufacture the required international quality end products.

Quality Policy

'Quality Culture' runs into every segment of KGOC's working supported by a team of more than 4000 highly qualified professionals, engineers, technocrats and dedicated workers, whose devotion and dedication has become a cornerstone of KGOC's success. "We believe that quality is the life line of every business and is committed to satisfying its customers by manufacturing and supplying its products to their entire satisfaction first time and every time with continual up-gradation in the effectiveness of the quality management system."

Mission

To be the leading manufacturer and supplier of quality products in the world.

Vision

We help people organise their ideas and their life. By enhancing their productivity and efficiency.

Environmental Policy

KGOC has a benevolent Environmental Policy which gives weightage to sustainability and green manufacturing procedures. Environmental awareness and sustainability are not mere words at KGOC. Utmost care is taken to maintain greenery on the land on which our factories are built. Our pledge to the environment is very much woven into our DNA, our philosophy and our way of life. Each one of us believes in the ideology to protect the environment and create a sustainable future. We have made huge investments in solar energy.

SOMETIMES ALL YOU NEED IS A POSITIVE ATTITUDE AND A SHARP KNIFE

Small sized knives specially designed for cutting fruits and Vegetables. Have a distinctive food grade material with granular texture handle for non-slippery grip. High quality stainless steel blade with a sharp or serrated edge which gives easy penetration and well controlled cutting & peeling of fruits and vegetables.

SAW OF THE KITCHEN!

Kohe Serrated Knives, with their scalloped, tooth like edge, are ideal for cutting through foods with a hard exterior and softer interior, such as a loaf of crusty bread, tomatoes etc. The principle behind a serrated knife is similar to that of a saw. The teeth of the blade catch and then rip as the knife smoothly slides through the food.

UTILITY SERRATED

GOLD SERIES

1140.2 SERRATED

Features : Tiny serration on blade prevents skin from tearing.
