PRICE LIST APRIL.2023

TRIPLY BASE

18/8 Grade stainless steel

Thick Aluminium plate

430 Grade stainless steel induction base

CHEF SERIES

STAINLESS STEEL PRESSURE COOKER

OUTER LID

- 18/8 Grade stainless steel
- 430 Grade stainless steel base for induction cooking
- Cooks fast and heats evenly due to extra thick base
- Durable handles makes it comfortable for use
- Easy to cook and serve
- Long lasting silicone gasket
- Weight, gasket release system and safety valve are well controlled for safety

EXTRA THICK BASE

Heats quickly and retains heat well, thus increasing energy savings.

UNI-HEAT

Uniform heat distribution ensures every dish is quickly and perfectly cooked.

Zero Stress Cooking

Pressure Level Low

Pressure Level High

Pressure Indicator

Pressure indicator shows pressure level visually and the correct time to open cooker lid for safety.

Stainless Steel Safety Valve & Whistle with Stainless Steel Nut

The flat bottom quickly absorbs heat and works on both induction cook top and LPG gas stove.

Double Screw

Safe and cool handles
Ergonomically designed

Perfect gasket
release system

TRI PLY

5 YEARS
WARRANTY

IDEAL FOR
COOKING ON
**GAS &
INDUCTION**

ALL STAINLESS STEEL, LONG LIFE POT BODY
Three layer pot body, reinforced with German integrated stamping technology, distributes the heat evenly, while also retaining it for long.

Inner Layer : 304 food grade stainless steel, it's rust and corrosion resistant, also non-toxic.

Middle Layer : Pure Thick Aluminium Alloy body distributes heat uniformly and retains heat for long.

Outer Layer : Made from 430 super conducting stainless steel which displays superior thermal conductivity and is ideal for any cooking surface.

18/8 Stainless steel interior layer cooking surface.

Pure thick aluminum core that not only covers the bottom of the pan but also extends up the sides. This allows for great heat conductivity as well as an even heat distribution so you won't have "hot spots" when cooking.

Beautifully polished, 430 grade stainless steel exterior layer.

This 3 layer collection is compatible with an induction stove top in addition to gas and electric stove tops.

Triply requires minimum oil cooking.

All pictures shown are for illustration purpose only. Actual product may vary due to product enhancement.
